the different schools that have to profit by it, it is difficult to say how the amount will be actually utilised. Apparently the D.C. wants to meet each case as it comes to him, and therefore requests that he may be authorised to sanction from the budget-allotment small grants to schools for games and excursion purposes, ~~and~~ whether this power may once for all be given to him, or whether Govt. should have an opportunity to judge the merits of individual recommendations as points for orders.

Sub. 2. I think this power of allotting [illegible] grants similarly may be vested in the D.C. & he may be required to submit for the information of Govt. monthly a statement of allotments made by him during months, if any
